

30 July, 2009

Dear Mike and Vic,

We are writing this letter to let you know how much we are enjoying the backyard that you created for us. We feel that it is the 'perfect' backyard for California living.

We continue to be amazed at the reaction that the backyard evokes from all who come to visit. We have been entertaining a lot and everybody just loves it, from the pool, to the sports court, to the plantings, use of space, the fire pit, waterwall, lighting, etc, etc. Most people walk in and exclaim 'Oh my god! This yard should be in Architectural Digest!'

It was such a pleasure working with you and your company. Each crew that came in worked professionally, and their workmanship is of the highest quality.

We cannot thank you enough for helping improve our lifestyle so much. We truly love our backyard, and enjoy using it each and every day.

We continue to refer you to everyone that asks who we worked with. We wish you both continued success.

Melanie and Mark Handelsman
